

# IBER 2022

XVI IBERIAN JOINT MEETING ON  
ATOMIC AND MOLECULAR PHYSICS

Málaga (Spain), 21-23 September 2022

## SECOND CIRCULAR – May, 10, 2022

**REGISTRATION FOR IBER-2022 IS OPEN. Please CHECK:**  
[www.iber2022.com](http://www.iber2022.com)

The **Division of Atomic and Molecular Physics** (DFAM) of the Portuguese Physics Society (SPF) and the **Group of Atomic and Molecular Physics** (GEFAM) of the Spanish Royal Societies of Physics (RSEF) and Chemistry (RSEQ) are proud to announce the 16<sup>th</sup> edition of our International Conference Series

### IBERIAN JOINT MEETING ON ATOMIC AND MOLECULAR PHYSICS – IBER 2022

which will be held in **Málaga** (Spain) the days **September 21 to 23, 2022**. The Conference Venue will be the Faculty of Medicine of the University of Málaga, easily accessible by walk or public transportation from the city center. Málaga is one of the largest cities in southern Spain, with a rich history spanning more than 2800 years. Málaga is well communicated by road, high-speed train and plane.

The IBER meeting Series follows a tradition of international biannual Conferences sequentially organized in Portugal and Spain, the last editions being organized in Aveiro (IBER 2015), Barcelona (IBER 2017) and Évora (IBER 2019). The IBER 2022 extends the history of the Conference after the interruption caused by the COVID-19 pandemic.

The IBER 2022 Conference will bring together members of the international community of researchers in Atomic and Molecular Physics, providing ground for the exchange of information on experimental and theoretical topics.

The Conference will be organized around **Plenary Talks, Invited Talks, Oral Talks** and **Poster sessions**, allowing a fast, interactive interaction between all participants. An effort will be done to encourage oral presentations by young researchers in the field. The Conference fees have been kept reasonably low to facilitate the participation by Ph.D. students, Postdocs and young researchers. The registration fees include the Conference materials, a three-day meal package and the Gala dinner.

During the conference, GEFAM will award the second **DELGADO-BARRIO AWARD** (Diploma + 2,000 €) to a young researcher attending the Conference (Please see [www.gefam.org](http://www.gefam.org) or [iber2022.com](http://iber2022.com) for details). This award is sponsored by the Delgado-Barrio family.

The list of Plenary Speakers includes:

- **Aldo S. ANTOGNINI** (ETH, Zürich – Paul Scherrer Institute, Villigen, CH)
- **Elangannan ARUNAN** (Indian Institute of Science, Bangalore, IN)
- **José CRESPO LÓPEZ-URRUTIA** (Max-Planck-Inst. für Kernphysik, Heidelberg, DE)
- **Ronald F. GARCÍA RUÍZ** (Massachusetts Institute of Technology, Cambridge-MA, USA)
- **Berénger GANS** (Institut des Sciences Moléculaires d'Orsay, Université Paris-Saclay, FR)
- **Juan J. GÓMEZ CADENAS** (Donostia Int. Physics Center, Donostia-San Sebastian, ES)
- **Matteo LUCCHINI** (Politecnico Milano, Milano, IT)
- **José PIRES MARQUES** (Universidade de Lisboa, P)
- **Ricardo MATA** (Georg-August-Universität Göttingen, Göttingen, DE)
- **Michael MEYER** (European XFEL, Schenefeld, DE)

In addition to the scientific activities a Conference Gala Dinner will be organized the last day of the Conference. A cultural or touristic activity may also be organized (depending on the number of participants).

Please note that the Conference does not arrange for accommodations, but please do not hesitate to contact if you need any help.

Please visit the web [www.iber2022.com](http://www.iber2022.com) or contact us at [contact@iber2022.com](mailto:contact@iber2022.com) or [gefam@rseq.org](mailto:gefam@rseq.org) for details and registration.

We welcome you to the next IBER 2022 in Málaga!
